

CDE PRESENTS

# Virtual Stakeholder Engagement Thursday, July 21

CDE is seeking feedback and insights from Community-Based Organizations (CBOs) across the state as we continue using federal funds to expand learning opportunities. Expanded Learning Opportunities (or ELOs) are programs and initiatives that offer students the opportunity to accelerate, enrich, or strengthen engagement in their learning beyond their normal school programming.\*

*\* Examples of ELOs include but are not limited to: Before and after school programs, 5th Day Academies, Summer Programs, Extended school days, and High-Impact or High Dosage Tutoring.*

## Conversation Goals

- Understand what is working in the realm of ELOs in Colorado;
- Explore potential barriers to success;
- Identify potential supports for expanding the success of ELO programs.

## Sessions

### Metro/Front Range CBOs

A session for Metro/Front Range CBOs will occur from 10:30-11:30 am.

[Click here for the Zoom link.](#)

### Eastern Plains CBOs

A session for Eastern Plains CBOs will occur from 12:00-1:00 pm.

[Click here for the Zoom link.](#)

### Mountain West CBOs

A session for Mountain West CBOs will occur from 1:30-2:30 pm.

[Click here for the Zoom link.](#)

## Discussion Questions

- ① Over the past two years, what have your successes been in expanding learning opportunities for students during and as we emerge from the pandemic?
- ① What did it take to accomplish that?
- ① What did you learn that was surprising or that you needed to change?
- ① What, if anything, has kept you from achieving your goals with that program?
- ① Do you have any suggestions for how CDE could support you in achieving your goals?

*If you are unable to attend but want to share your ideas with CDE, click here to complete this survey.*
