

# CAP Spring Professional Development Series

Colorado Afterschool Partnership (CAP), in collaboration with the Ohio Afterschool Network and EnvisionEdPlus, is proud to announce a 6-part learning series developed for Colorado's afterschool and summer field. Participants are invited to register for one or all of the 2-hour live virtual learning sessions. While each of the first 5 sessions can stand on its own, participating in the entire series will build the capacity of afterschool and summer learning professionals.

## About the Colorado Afterschool Partnership

Established in October 2014 with the support of a grant from The Charles Stewart Mott Foundation, the Colorado Afterschool Partnership (CAP) is one of fifty statewide afterschool networks that comprise the National Network of Statewide Afterschool Networks.

CAP works to foster statewide partnerships that improve outcomes for all children and youth through high-quality expanded learning opportunities like those found in afterschool and summer programs.

Our overarching goal is to build coalitions of diverse organizations who can work together to leverage public and private funding and partnerships in support of afterschool and summer programs. We focus our work in the following areas: Policy and Partnership, Sustainability, and Quality.
